NOTES TO FINANCIAL STATEMENTS	9

The following provides a discussion and analysis of the financial performance of Saginaw Valley State University (SVSU or University). This discussion, the financial statements, and related footnotes have been prepared by and are the responsibility of management.

USING THE ANNUAL REPORT

The annual report consists of a series of financial statements, which have been prepared in accordance with the Governmental Accounting Standards Board (GASB) for the University and the Financial Accounting Standards Board (FASB) for the Saginaw Valley State University Foundation (Foundation). These financial statements focus on the financial condition and results of the financial position of the University and its component unit, Saginaw Valley State University Foundation, and the cash flows of the University.

The fundamental objective of the University's financial statements is to provide an overview of the University's economic condition. The various statements and their primary purpose are discussed below.

- <u>Statement of Net Position</u>. This statement presents information on all University assets, deferred outflows, and liabilities. It is prepared on an accrual basis revenues and expenses are recognized when earned or incurred, respectively.
- Statement of Revenues, Expenses, and Change in Net Position. This statement presents a summary of revenues and expenses classified as either operating or nonoperating. The University's operating loss results from the classification of State appropriations and Pell grants as nonoperating revenue. Also, this statement reflects a change in the University's net position based upon revenues in excess of expenses.
- <u>Statement of Cash Flows</u>. This statement classifies cash inflows and outflows into the following classifications: operating activities, noncapital financing activities, capital financing activities, and investing activities. This information is useful in assessing the University's ability to meet maturing financial obligations.

REPORTING ENTITY

The University is considered a component unit of the State of Michigan because the Governor of the State of Michigan appoints its Board of Control. Accordingly, the University is included in the State's Comprehensive Annual Financial Report as a discretely presented component unit.

The financial statements report information about total University operations. In accordance with GASB standards, the Foundation is included in the financial statements of the University as a discretely presented component unit.

FINANCIAL HIGHLIGHTS

The University experienced sound financial performance as indicated by the following:

- Net position increased by 3.4% from June 30, 2017 to June 30, 2018; 2.9% from June 30, 2016 to June 30, 2017; and 4.5% from June 30, 2015 to June 30, 2016.
- In fiscal year 2018 and 2017, operating revenues decreased due to a decrease in tuition and fees and an increase in scholarship allowances. In fiscal 2016, operating revenue increased due to an increase in tuition and fees.

Demand/economic factors underlying this level of performance were as follows:

- Applications decreased by 5.6% from Fall 2016 to Fall 2017; decreased by 8.0% from Fall 2015 to Fall 2016; and increased by 18.3% from Fall 2014 to Fall 2015.
- Headcount decreased in Fall 2017 to 8,662 from Fall 2016 of 9,165 and from Fall 2015 of 9,766. Credit hours also decreased to 219,367 in 2018 from 233,497 in 2017 and 245,618 in 2016.

FINANCIAL STATEMENT SUMMARIES

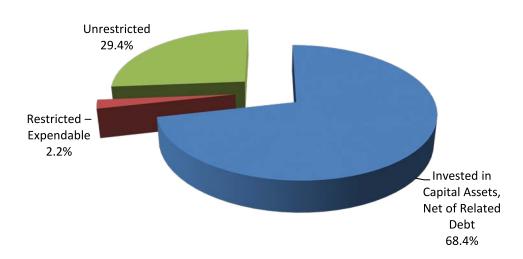

The net position of the University is summarized in the table below as of June 30:

	2018	2017	2016
		(in thousands of dol	llars)
Assets			
Current Assets	\$ 69,4	494 \$ 75,903	\$ 89,874
Noncurrent Assets:			
Other	46,	555 31,367	15,689
Capital	298,	100 304,773	306,589
Total Assets	414,	149 412,043	412,152
Deferred Outflows	4,2	231 4,473	4,715
Liabilities			
Current Liabilities	32,3	318 31,314	31,226
Noncurrent Liabilities	110,0	091 118,309	126,394
Total Liabilities	142,4	409 149,623	157,620
Net Position			
Net Investment in Capital Assets	188,8	816 190,801	191,954
Restricted	6,	142 5,863	5,410
Unrestricted	81,0	013 70,229	61,883
Total Net Position	\$ 275,9	971 \$ 266,893	\$ 259,247

The University's largest asset is its investment in capital assets, including land, land improvements and infrastructure, buildings, equipment, library acquisitions, construction in progress, and works of fine art. Capital assets represent 72% of the University's total assets. Notes and bonds payable totaled \$113.5 million at June 30, 2018. This represents 80% of the University's total liabilities.

A graphic illustration of the University's net position at June 30, 2018 by classification and restriction is as follows:

Total Net Position

The University's net position consists of the net investment in capital assets, restricted net position, and unrestricted net position. Restricted net position represents assets whose use is restricted by a party independent of the University. This includes restrictions related to gifts and grants.

Unrestricted net position represents net position of the University that has not been restricted by parties independent of the University. This includes funds that the Board of Control and management have designated for specific purposes as well as amounts that have been contractually committed for goods and services that have not been received as of June 30, 2018.

The following summarizes the internal designations of the University unrestricted net position:

		Ju	ıne 30,		
	2018		2017		2016
		(in thous	ands of dollars)	
Capital Projects and Repair Reserve Auxiliary Enterprises	\$ 59,268 1,362	\$	48,354 1,362	\$	40,928 1,362

Total Operating Expenses	\$	135,785	\$	136,216	\$_	137,177

CAPITAL ASSETS/LONG-TERM DEBT

Capital Plan and Related Debt Financing

The University engaged consultants to update the master plan which was finalized in fiscal 2013. The University also engaged consulting engineers to review the condition of the University's roofs, roads, and parking lots. The University then prepared a detailed deferred maintenance analysis of all infrastructure incorporating the results of the external reviews.

The University Board of Control has reviewed a long-term capital development and related financing plan. Fiscal 2018 and 2017, expenditures for capital projects approximated \$9.2 million and \$12.5 million, respectively, and were funded with University general revenue bonds, capital gifts, and other available University resources.

University Rating

The University issued General Revenue & Refunding Bonds, Series 2016A, in the amount of \$62,280,000 in April 2016. Proceeds from the bonds were used to refund prior General Revenue Bonds and to partially fund the renovations of Zahnow Library. Moody's Investors Services, Inc. and Standard & Poor's Ratings Services rated the bonds "A1" and "A", respectively.

FACTORS OR CONDITIONS IMPACTING FUTURE PERIODS

Financial and budget planning is directly related to and supportive of the University's mission and operational needs. The ability to plan effectively is influenced by an understanding of the following factors, which impact the University's finances:

- Enrollment
- State Economy
- Inflationary Pressures
- Competition
- Program Growth and Development
- New Initiatives
- Technology
- Productivity Improvements

State appropriations increased by approximately 2.3% in fiscal 2018. The State implemented performance funding for a portion of the State appropriations allocation beginning in fiscal 2013. The University received \$652,100 in fiscal 2018 and \$544,500 in fiscal 2017 related to the performance funding criteria.

SAGINAW VALLEY STATE UNIVERSITY FOUNDATION

The Foundation is an independent corporation formed for the purpose of receiving funds for the sole benefit of the University. The University provided \$749,457 of administrative support to the Foundation during fiscal 2018. This support is reflected as institutional support in the University's financial statements and as gift revenue and corresponding administrative expenses in the Foundation's financial statements. The University received endowment distributions and unrestricted and restricted gifts of \$6,047,894 in fiscal 2018 from the Foundation.

As of June 30, 2018, the Foundation had 333 endowments, with none below their gift value. At June 30, 2017, of the 327 endowments, there were two below their gift value. The Foundation's spending policy is to distribute 4% annually, with distributions made quarterly. Distributions are based on the average market value of the endowment for the preceding twelve calendar quarters, with the calculation made September 30 of each year. The September 30 per unit market value is utilized for distributions for the four quarterly distributions of the next fiscal year. However, the policy does not allow distribution if the individual endowment value is below historical gift value at each quarter end. As a result, some of the endowments did not distribute for one or more of the quarters during fiscal 2018.

The net assets of the Foundation were as follows as of June 30:

		2018		2017		2016
	(in thousands of dollars)				ars)	
Unrestricted	\$	10,858	\$	10,202	\$	9,207
Temporarily Restricted		21,349		16,036		12,009
Permanently Restricted		55,000		53,910		52,692
	\$	87,207	\$	80,148	\$	73,908

Independent Auditors' Report

Board of Control Saginaw Valley State University

Report on the Financial Statements

We have audited the accompanying financial statements of Saginaw Valley State University (University), a component unit of the State of Michigan, and Saginaw Valley State University Foundation (Foundation), a discretely presented component unit of the University, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the University's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Saginaw Valley State University and its discretely presented component unit, Saginaw Valley State University Foundation, as of June 30, 2018 and 2017, and the respective changes in financial position and Saginaw Valley State University cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i through vii be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the University's financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award, is presented for purposes of additional analysis and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 24, 2018, on our consideration of Saginaw Valley State University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

SAGINAW VALLEY STATE UNIVERSITY NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements have been prepared to incorporate all fund groups utilized internally by Saginaw Valley State University (University) and include Saginaw Valley State University Foundation (Foundation), a discretely presented component unit of the University. The University's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The Foundation's financial information has been prepared on the accrual basis following accounting policies established by the Financial Accounting Standards Board (FASB).

Reporting Entity

The University's financial statements are presented discretely in the State of Michigan Comprehensive Annual Financial Report. Public universities with governing boards appointed by the Governor are considered component units of the State. Transactions with the State relate primarily to appropriations for operations and capital projects and grants from various state agencies.

The Foundation, a component unit of the University, is a not-for-profit corporation with a separate board of directors. Although the Foundation approves their own disbursements, their support is predominately for the objectives and purposes of the University.

Basis of Accounting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been incurred.

The Foundation has applied the recognition principles of all applicable FASB codification sections. Certain disclosures conform more to the GASB presentation than what may be required by FASB.

Revenue Recognition

Operating revenues of the University consist of tuition and fees, grants and contracts, sales and services, and auxiliary enterprises revenue. These revenues represent revenue earned from exchange transactions and are reported net of discounts. The University's nonoperating revenues include State appropriations, Federal PELL Grant Program, gifts, investment income, capital appropriations and capital grants and gifts. When both restricted and unrestricted resources are available for expenses, the University applies the restricted and unrestricted resources at its discretion.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition - Continued

Funds are appropriated to the University for operations by the State of Michigan covering the State's fiscal year, October 1 through September 30. The sums appropriated are for the University's fiscal year ending June 30 and are generally paid in eleven monthly installments from October through August.

The Foundation recognizes a gift when the donor makes a pledge that is, in substance, unconditional. The Foundation uses the allowance method to determine uncollectible, unconditional pledges receivable. The allowance is based on prior years' experience and management's analysis of specific promises.

Accounts Receivable

Accounts receivable are stated at the outstanding principal balance adjusted for the allowance for doubtful accounts.

The University determines the allowance for doubtful accounts based on an evaluation of accounts receivable, past and recent experience, current economic conditions, and other pertinent factors. The allowance for doubtful accounts is increased by the provision charged to expense and reduced by the receipt of payment for items previously included in the allowance and delinquent receivables that have been charged off. The University considers receivables past due when they have not been paid within their contractual terms.

Investments

Investments are reported at fair value. Investment income includes realized and unrealized gains and losses on investments, interest, and dividends.

Inventories

Inventories are stated at lower of average cost or market.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Institutional Physical Properties</u>

Physical properties are stated at cost or, when donated, at acquisition value at the date of gift. The University uses a \$5,000 threshold for capitalizing assets. Depreciation is computed using the straight-line method over the useful life of the property as follows:

Classification	Life
Land improvements and infrastructure	15 years
Buildings	20 - 50 years
Equipment	4 - 15 years
Library acquisitions	7 years

When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts. The cost of maintenance and repairs are expensed as incurred; significant renewals and improvements are capitalized.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY

The University utilizes the "pooled cash" method of accounting for substantially all of its cash and cash equivalents in order to maximize investment return. The investment policy for pooled cash, approved by the Board of Control, divides cash for purposes of investment into three asset groups: short-term pool, intermediate-term pool, and long-term pool. The University did not have funds in the long-term pool during the fiscal years ended June 30, 2018 or 2017.

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY (continued)

Credit Risk

The University's investment policy requires that investments shall be in marketable securities of the following types and with the noted credit ratings:

Short-term Pool

- 1. All investments must be convertible into cash at any time without any significant loss of principal.
- 2. Any instrument issued, guaranteed, or insured by the U.S. Government, agencies, or other full faith instruments of investment grade are permitted.
- 3. Commercial paper issued by domestic corporations rated both "P-1" and "A-1" by Moody's Investors Service, Inc. and by Standard & Poor's, respectively, may be included.
- 4. Also permitted are certificates of deposit, bankers acceptances, or other such irrevocable primary obligations from a list of approved banks.
- 5. Commingled funds and short-term cash reserve mutual funds may be used if they are in compliance with the above guidelines.

Intermediate-term Pool

- 1. Fixed-income investments may include U.S. and non-U.S. issues of Government and Agency obligations, marketable corporate bonds, mortgage or asset-backed bonds, and preferred stocks with sinking funds as deemed prudent by the investment managers.
- 2. Fixed-income investments shall be made primarily in those rated "BAA" (investment grade) or better by Moody's and BBB (investment grade) or better by Standard & Poor's with emphasis toward "A" or better issues. However, up to 20% of the fixed-income investments can be made in below investment grade debt (high yield).
- 3. Fixed-income investments may include U.S. and non-U.S. issues, including high yield, global fixed-income, and emerging market debt instruments.
- 4. Diversification must be maintained and, with the exception of securities guaranteed by the U.S. Government, the securities of a single issuer should not exceed 10% of the market value of the manager's portfolio responsibility.
- 5. No equity exposure is permitted within the intermediate-term pool.
- 6. The Investment Committee may also implement a laddered bond portfolio that is diversified by holdings and maturities that emphasizes higher quality. The intent of this structure would be to alleviate duration risk as the bonds would be held to maturity and then reinvested. If the Investment Committee implements this structure, the duration guideline above would not apply.

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY (continued)

Interest Rate Risk

As a means of managing its exposure to fair value losses arising from increasing interest rates, the University's investment policy limits the average weighted maturity for a short-term portfolio to between one day and one year and the average weighted maturity for the intermediate-term portfolio to between one year and five years.

Concentration of Credit Risk

Cash and cash equivalents consist primarily of funds invested with either a bank short-term investment pool or Treasury Money Market Funds. The yield was 2.91% for 2018 and 2.17% for 2017. The Investment Policy requires that for the intermediate-term pool, diversification must be maintained and, with the exception of securities guaranteed by the U.S. Government, the securities of a single issuer should not exceed 10% of the market value of the manager's portfolio responsibility. No more than 10% of the fixed-income investments, at market, shall be invested in securities of any one issuer, except Government and Agency obligations.

The chart below lists the percentage of the investments by credit rating:

Rating	% of Pool
AAA	58 %
AA+	1
AA	1
A+	6
Α	10
A-	8
BBB+	12
BBB	2
NR (Cash)	2

NOTE B – CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY (continued)

Cash and Cash Equivalents included \$0 at June 30, 2018 and \$2,884,186 at June 20, 2017 of unexpended Series 2016A General Revenue and Refunding Bond proceeds.

NOTE B - CASH AND CASH EQUIVALENTS AND INVESTMENTS-UNIVERSITY (continued)

Foreign Currency Risk

As of June 30, 2018 and 2017, the University had approximately \$962,000 and \$1,121,000, respectively, in foreign investments included in its Chemical Bank and Johnson Intermediate Fund mutual funds.

Custodial Credit Risk

Deposits: Custodial credit risk is present if the deposits are not covered by depository insurance and are 1) uncollateralized; 2) collateralized with securities held by the pledging financial institution; or 3) collateralized with securities held by the pledging financial institution's trust department or agent in the University's name. Cash and cash equivalents, as reflected in the accounts of the investment institutions at June 30, 2018, were \$32,739,947. Of that balance, \$32,366,696 was uninsured and uncollateralized. Cash and cash equivalents as reflected in the accounts of the investment institutions at June 30, 2017, were \$51,552,395. Of that balance, \$50,781,600 was uninsured and uncollateralized.

Investments: The University has engaged Comerica Bank to serve as custodian for the short-term and intermediate-term pools, other than the accounts with PNC Bank, Bank of America, Fidelity and Chemical Bank included in the short-term pool. The custodian collects dividend and interest payments, redeems maturing securities, and affects receipt and delivery following purchases and sales. The custodian also performs regular accounting of all assets owned, purchased, or sold.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. The University has no custodial credit risk in its investments as of June 30, 2018 or 2017.

NOTE C - INVESTMENTS-FOUNDATION

The primary objective of the Foundation's investment policy, approved by the Foundation Board, is to increase the purchasing power of the Foundation's assets after inflation while maintaining a distribution policy as established by the Foundation Board. The secondary objective is to consistently earn a high, long-term, total rate of return without undue risk exposure or volatility.

NOTE C - INVESTMENTS-FOUNDATION (continued)

Credit Risk

The Foundation's investment policy requires that fixed-income investments emphasize high-quality and that on average, the portfolio should have a rating of "A" or better as defined by a majority of the major credit rating agencies.

Interest Rate Risk

As a means of managing its exposure to fair value losses arising from increasing interest rates, the Foundation's investment policy limits the maximum maturity for any single security to 40 years; mortgage bonds will be on an average maturity basis with the weighted average maturity not to exceed ten years.

The following table summarizes the components of the Foundation's investments at June 30:

Investment Type	Fair Market Value					
	2	2018		2017		
Equities	\$	59,418	\$	41,223		
Mutual Fund - Equities	32,276,022			31,427,789

Cash Equivalents" on Statements of Financial Position	((639,470)		(678,972)		
Total Investments	\$ 76	473,282	\$ 72	2,399,746		

NOTE C - INVESTMENTS-FOUNDATION (continued)

Investments in mutual fund – debt have the following quality of investments at June 30, 2018:

- Dodge & Cox Income Fund 56.60% AAA, 5.30% AA, 4.10% A, 27.50% BBB, 6.49% BB, 0.01% below B;
- Loomis Sayles Global Bond Instl 30.21% AAA, 12.83% AA, 22.61% A, 22.93% BBB, 6.03% BB, 0.46% B, 4.93% no rating;
- Credit Suisse Floating RT High Inc Instl 0.75% AAA, 0.95% A, 11.24% BBB, 35.15% BB, 43.86% B, 4.85% below B, 3.20% no rating;
- Vanguard Short-term Bond Index Signal 70.28% AAA, 4.70% AA, 12.78% A, 12.24% BBB.

Concentration of Credit Risk

The Foundation recognizes that, over the long term, equity investments provide the best opportunity to achieve the objectives and goals of the Endowment Fund. However, a degree of diversification in other forms of investments is prudent. To accomplish the endowment investment objectives, investment managers are authorized to utilize portfolios of equity securities, fixed-income securities, alternative investments, and short-term investments (cash and cash equivalents). The total portfolio shall be maintained within the following ranges:

	Minimum	Maximum
Domestic Equities	25%	45%
International Equities	15%	25%
Fixed Income	12%	32%
Alternative Investments	N/A	25%
Cash/Short-term Investments	N/A	10%

The investments shall be reviewed quarterly to ensure the endowment assets are within these ranges.

To ensure diversification in the investment equity portfolio, the Foundation's investment policy limits investment in an individual common stock to 10% of a given investment manager's portfolio based on market value. Additionally, within each separately managed account, economic sector allocations must be less than twice that of the same economic sector as defined by the market benchmark. For the fixed-income portfolio, with the exception of securities guaranteed by the U.S. Government, the securities of single issuers should not exceed 5% of the market value of the investment manager's portfolio.

NOTE C - INVESTMENTS-FOUNDATION (continued)

At June 30, 2018, the Foundation's investments that exceeded 5% of the investment portfolio included the Dodge & Cox Income Fund (\$8,008,401), Vanguard 500 Index Fund (\$13,099,596), The Weatherlow Offshore Fund I (\$6,187,900), William Blair Funds International Growth Fund Class I (\$4,685,414), and Transamerica Invs Income International Equity I (\$5,046,703).

Foreign Currency Risk

The Foundation investment policy states that foreign denominated investments should not exceed 25% of the portfolio. The Foundation's holdings in foreign investments were made in mutual funds as noted above.

Custodial Credit Risk

The Foundation has engaged Comerica Bank to serve as custodian of the endowment investments. The custodian maintains physical possession of securities owned by the Foundation, collects dividend and interest payments, redeems maturing securities, and affects receipt and delivery following purchases and sales. The custodian also performs regular accounting of all assets owned, purchased or sold. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTE D - ACCOUNTS RECEIVABLE

The University's accounts receivable relate to several transactions including State appropriations, student tuition and fee billings, and auxiliary enterprise sales, such as food service and residence halls. In addition, receivables arise from grant awards, financial aid, and billings related to capital assets. The details of accounts receivable, excluding State appropriations, as of June 30, 2018, and 2017 are listed below in the table:

	June 30,				
		2018	2017		
Tuition and fees	\$	5,282,160	\$ 4,738,328

Allowance for uncollectible student accounts		(5,936,392)	(5,374,488)		
Total accounts receivable	_\$_	5,648,587	\$ 5,412,430		

Based on Senate Bill 905, PA 273 of 1998, State appropriations are recorded principally on the accrual basis, when earned. As a result, the University recorded State appropriations receivable of \$5,412,016 at June 30, 2018 and \$5,293,456 at June 30, 2017. Charter school appropriations receivable were recorded at June 30, 2018 of \$12,039,919 and at June 30, 2017 of \$11,914,755. The University has recorded a corresponding amount due to the charter schools which is reported as charter schools payable and deposits. The University received direct State appropriations and other funds in the amount of \$67,478,806 to be forwarded to 18 charter schools for fiscal 2018 and \$66,631,441 to 18 charter schools for fiscal 2017.

The detail of the Foundation's contributions and accounts receivable for June 30, 2018 and 2017 are listed below in the table:

	June 30,			
	2018	2017		
Contributions receivable	\$ 4,723,968	\$ 2,109,637		
Less: allowance for uncollectible pledges	255,786	127,513		
Less: discount to reflect promise to give at fair value	915,041	108,918		
	3,553,141	1,873,206		
Other	20,627	13,228		
Total receivables	\$ 3,573,768	\$ 1,886,434		

NOTE E - CAPITAL ASSETS

The following table presents the changes in the various capital asset categories:

	В	alance at					Balance at
	,	June 30,					June 30,
Asset Classification		2017		Additions	R	etirements	2018
Land	\$	\$ 1,898,683					\$ 1,898,683

NOTE F - ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities represent amounts due at June 30 for goods and services received prior to the end of the fiscal year. Listed below is a breakdown of those liabilities:

	June 30,	
	2018	2017
Compensation and benefits	\$ 1,305,149	\$ 1,386,238
Supplies and construction related expenditures	4,247,005	4,439,180
Total accounts payable and accrued liabilities	\$ 5,552,154	\$ 5,825,418

NOTE G - NOTES AND BONDS PAYABLE

The University issued General Revenue and Refunding Bonds, Series 2016A, in the amount of \$62,280,000 in April 2016. A portion of the proceeds from the bonds were used to establish an irrevocable escrow fund to refund a portion of the remaining outstanding General Revenue (Refunding) Bonds, Series 2007 (\$20,565,000), 2008 (\$24,875,000) and 2008B (\$10,245,000). The refunding resulted in a deferred amount on refunding of \$3,552,809. The deferred amount on refunding is being amortized over the remaining life of the oldest bonds and is reported as a

NOTE G – NOTES AND BONDS PAYABLE (continued)

deferred outflow. The remaining proceeds from the Series 2016A bonds will be used, together with other available resources, to renovate Zahnow Library. The bonds were issued at a premium of \$8,712,909.

The University issued General Revenue and Refunding Bonds, Series 2015A, in the amount of \$18,525,000, in April 2015. The proceeds were used to retire the general revenue and refunding 2005 bonds. Since the 2005 bonds refunded a previous bond, the deferred amount on refunding from the 2005 bonds was carried forward to the new bonds. The deferred amount on refunding is being amortized over the remaining life of the old bonds and is reported as a deferred outflow.

The University issued General Revenue and Refunding Bonds, Series 2013A, in the amount of \$19,250,000, in June 2013. A portion of the proceeds from the bonds were used to establish an irrevocable escrow fund that refunded a portion of the remaining Series 2004 Bonds and the Series 2004B Bonds. The refunded bonds were called for redemption on July 1, 2014. The bonds were refunded in order to reduce the University's debt service. The refunding resulted in a deferred amount on refunding of \$434,768. The deferred amount on refunding is being amortized over the remaining life of the old bonds and is reported as a deferred outflow. The remaining proceeds from the Series 2013A bonds were used, together with other available resources, to renovate and expand the Ryder Center. The bonds were issued at a premium of \$2,618,113.

The University issued General Revenue Bonds, Series 2010A, in the amount of \$29,590,000, in May 2010. Proceeds from the bonds were used to refund all of the remaining Series 1998 and 2001A Bonds and to fund various capital projects. The refunded bonds were called for redemption on their respective first call date, July 1, 2010, for both refunded bond series. The bonds were refunded in order to reduce the University's debt service. The Series 2010A bonds were issued at a premium of \$1,471,071.

The University issued General Revenue Bonds, Series 2008B, in the amount of \$12,555,000, in August 2008. Proceeds from the bonds were used to finance construction of new student housing. The Series 2008B Bonds were partially refunded with the Series 2016A Bonds previously discussed.

The University issued General Revenue Refunding Bonds, Series 2008, in the amount of \$26,845,000 in March 2008 to refund all of the Series 2001B General Revenue Bonds and to pay the related 2001B Bonds swap termination fee of \$1,486,000. The Series 2008 Bonds were partially refunded with the Series 2016A Bonds previously discussed.

NOTE G - NOTES AND BONDS PAYABLE (continued)

Notes and bonds payable outstanding as of June 30 consist of the following:

	Interest Rates	Maturity	 2018		2017
General Revenue & Refunding					
Bonds, Series 2016A	3.25% to 5.00%	2019-2038	\$ 57,375,000	\$	60,115,000
General Revenue & Refunding					
Bonds, Series 2015A	2.79%	2019-2035	12,400,000		14,495,000
General Revenue & Refunding					
Bonds, Series 2013A	3.125% to 5.00%	2019-2034	14,635,000		15,880,000
General Revenue Bonds,					
Series 2010A	3.625% to 5.00%	2019-2030	18,510,000		18,640,000
General Revenue Bonds,					
Series 2008B					300,000
General Revenue Refunding					
Bonds, Series 2008					770,000
Unamortized premiums			10,596,100		11,177,726
Total			\$ 113,516,100	\$	121,377,726

The principal and interest on the notes and bonds are payable only from certain general revenues. The following table summarizes debt service requirements:

Year Ended June 30,	Principal		Interest		 Total
2019	\$	7,470,000	\$	4,626,235	\$ 12,096,235
2020		7,795,000		4,302,107	12,097,107
2021		5,570,000		3,941,529	9,511,529
2022		5,845,000		3,678,719	9,523,719
2023		6,120,000		3,402,823	9,522,823
2024-2028		30,995,000		12,651,468	43,646,468
2029-2033		25,850,000		5,501,805	31,351,805
2034-2038		13,275,000		1,317,187	14,592,187
Unamortized premiums		10,596,100			 10,596,100
	\$	113,516,100	\$	39,421,873	\$ 152,937,973

NOTE G - NOTES AND BONDS PAYABLE (continued)

The net deferred amount on refunding from the Series 2016A, Series 2015A and Series 2013A bonds is reported on the Statements of Net Position as a deferred outflow at June 30, 2018 in the amount of \$4,231,546. The deferred outflow for Series 2016A, 2015A and Series 2013A at June 30, 2017 was \$4,473,195.

The University has a \$300,000 letter of credit for the Wolverine Power Marketing Cooperative electricity contract at a per annum fee of 1.25%. In addition, amounts drawn against the letter of credit include interest at the bank prime rate plus one half percent per annum. No amounts were drawn against the letter of credit at June 30, 2018 or 2017. The letter of credit is secured by general revenues.

NOTE H - LONG-TERM LIABILITIES

The information listed below shows the components of the University's long-term liabilities:

	Balance at June 30, 2017	A	dditions	Reductions		Balance at June 30, 2018		Current Portion
Notes and bonds payable:								
General revenue bonds	\$ 110,200,000			\$	7,280,000	\$ 102,920,000	\$	7,470,000
Unamortized premiums	11,177,726				581,626	10,596,100		581,626
Total notes and bonds payable	121,377,726				7,861,626	113,516,100		8,051,626
Other long-term liabilities:								
Compensated absences	4,304,152	_\$	135,240			4,439,392		100,000
Total long-term liabilities	\$ 125,681,878	\$	135,240	\$	7,861,626	\$ 117,955,492	\$	8,151,626

As of June 30, 2018 and 2017, employees had earned but not taken annual vacation leave of approximately \$3,346,000, and \$3,222,000, respectively. The University had a commitment for accumulated sick leave of approximately \$1,093,000 as of June 30, 2018 and \$1,082,000 as of June 30, 2017. These amounts are reflected above as liabilities for compensated absences.

NOTE I - UNRESTRICTED NET POSITION

The following summarizes the internal designations of the University's unrestricted net position:

	June	e 30,
	2018	2017
Capital projects and repair reserves	\$ 59,267,904	\$ 48,354,330
Auxiliary enterprises	1,361,891	1,361,891
Designated for departmental use	17,386,167	17,851,833
Amount obligated by contractual commitments	192,430	56,602
Undesignated	2,804,542	2,604,542
Total unrestricted net position	\$ 81,012,934	\$ 70,229,198

NOTE J – COMMITMENTS AND CONTINGENCIES

The University is self-insured for health insurance for individual contracts up to \$75,000. The University purchases coverage for amounts exceeding \$75,000 for individual contracts. At June 30, 2018 the University has recorded a liability of approximately \$1,200,000 which includes approximately \$360,000 of incurred but not reported claims and approximately \$840,000 of a reserve for claims exceeding the employee contributions.

The amount of funding required to complete construction in progress will come from institutional resources and gifts. The costs to complete significant construction in progress at June 30, 2018 approximate \$27,000,000.

In the normal course of its activities, the University is party to various legal actions. After taking into consideration legal counsel's evaluation of pending actions, the University is of the opinion that the outcome thereof will not have a material effect on the financial condition of the University.

The University has entered into lease agreements with the State Building Authority (SBA) and the State of Michigan during prior fiscal years for the Science East and West Buildings, Zahnow Library, West Complex, the Regional Education Center, Pioneer Hall renovations, and the Health and Human Services building. The projects were financed with SBA Revenue Bonds, State appropriations and University resources. The SBA bond issues are secured by a pledge of rentals to be received from the State of Michigan pursuant to lease agreements between the SBA, the State of Michigan, and the University. During the lease terms, the SBA will hold title to each of the facilities; the State of Michigan will make all annual lease payments to the SBA from general fund appropriations; and the University will pay all operating and maintenance costs of the facilities. At the expiration of each lease, the SBA has agreed to sell the facilities to the University for the sum of one dollar each. The cost and accumulated depreciation for these facilities is reflected in the accompanying Statements of Net Position.

NOTE K - SUPPORT ORGANIZATIONS

The Foundation is an independent corporation formed for the purpose of receiving funds for the sole benefit of the University. The Internal Revenue Service has ruled that the Foundation is qualified under Section 501(c)(3) of the Internal Revenue Code (Code) and is, therefore, not subject to tax under present federal income tax laws, and also is not a private foundation within the meaning of Section 509(a)(3) of the Code. Foundation Board of Director membership includes the following individuals: members of the Saginaw Valley State University Board of Control as appointed by the Board of Control, certain officers of the University as set forth in the Foundation bylaws, and other community representatives elected by the Foundation Board.

The University provided \$749,457 of administrative support to the Foundation during fiscal 2018 and \$762,150 of support during fiscal 2017. The Foundation recorded these amounts as gifts and expenses in the Statements of Activities and Change in Net Assets. The University received \$6,047,894 during fiscal 2018 and \$4,930,004 during fiscal 2017 from the Foundation. These amounts include endowment distributions and restricted and unrestricted gifts. Under the spending policy established by the Board, 4.0% of the moving average market value of endowment investments for the twelve quarters through September prior to the beginning of the fiscal year has been authorized for expenditure. During 2009, the State of Michigan adopted the Uniform Prudent Management of Institutional Funds Act (UPMIFA). According to UPMIFA, the Foundation may appropriate for spending as much of the endowment as the institution deems prudent for the uses, benefits, purposes, and duration for which the particular endowment fund was established, subject to the evaluation of several specific factors including general economic conditions and the fund's purpose. Although UPMIFA allows spending of the original gift, the Foundation's board policy does not allow for distribution if the individual endowment fund value is below historical gift value at the end of a quarter.

As of June 30, 2018, of the Foundation's 333 endowments, none were under their gift value as compared to two of the 327 endowments below their gift value at June 30, 2017. There were however, endowments that did not distribute for one or more of the quarters during fiscal 2018 and 2017 as the market values were below gift values.

The Foundation classifies the original value of any gifts donated to a permanent endowment as permanently restricted net assets and any subsequent investment returns, realized or unrealized, as temporarily restricted or unrestricted net assets.

NOTE K - SUPPORT ORGANIZATIONS (continued)

In accordance with GASB standards, the Foundation is included in the financial statements of the University as a discretely presented component unit.

The Saginaw Valley Research and Development Corporation (SVRDC), a not-for-profit taxable entity, exists to foster economic development. The operations and net assets of SVRDC are not significant and are not included in these financial statements as a component unit of the University.

NOTE L - RETIREMENT PLAN

The University has a defined contribution retirement program for all qualified employees. Qualified employees include nearly all full-time employees. University contributions are made to the Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) and are based on a percentage of qualified employee payroll. Employees maintain individual annuity contracts with TIAA-CREF and are fully vested. TIAA-CREF is a defined contribution plan whereby the University generally contributes 12% of the employees' pay to the plan with no liability beyond that contribution. University contributions for the years ended June 30, 2018 and 2017 approximated \$6,220,000 and \$6,329,000, respectively, with annual covered payroll for participants of the plan approximating \$51,835,000 in 2018 and \$52,745,000 in 2017. The University has no liability for past service or post-employment benefit costs.

NOTE M - LIABILITY AND PROPERTY INSURANCE

The University participates with ten other Michigan public universities in the Michigan Universities Self-Insurance Corporation (MUSIC). This corporation's purpose is to provide insurance coverage for errors and omissions liability, comprehensive general liability, and property loss. The University has a retention amount from which it would pay losses related to errors and omissions, comprehensive general liability claims, and property claims. The second layer of coverage for losses exceeding the retention level is the responsibility of MUSIC. MUSIC has purchased excess insurance coverage for comprehensive general liability and property loss claims that exceed its level of responsibility. The payments made to MUSIC and premiums to excess carriers reflect the claims experience of each university.

NOTE N – FAIR MARKET MEASUREMENT

The following tables present information about the University and Foundations assets measured at fair value on a recurring basis at June 30, 2018 and 2017 and the valuation techniques used to determine fair values.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the University or Foundation has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted process for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The University and Foundation's assessment of the significance of particular inputs to these fair values measurements require judgement and considers factors specific to each asset.

The University and Foundation's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. For the years ended June 30, 2018 and 2017, there were no transfers between levels of the fair value hierarchy.

NOTE N – FAIR MARKET MEASUREMENT (continued)

Assets measured at fair value on a recurring basis as of June 30, 2018 included the following:

	Quoted Prices in Active Markets for Identical Assets (Level 1)		Ok	Significant Other Observable Inputs (Level 2)		ignificant observable uts (Level 3)		alance at e 30, 2018
University

	\$	04,210,337	<u> </u>	0,470,400	<u>ې</u>	1,710,789	<u> </u>	2,333,740

U.S. Treasury Strips, U.S. Federal Agencies, U.S. Government Obligations, Corporate Bonds, Foreign Bonds and Notes, , Municipal Obligations, Equities, Mutual Fund-Equities, Mutual Fund-International Equities, Mutual Fund-Debt and certain Alternative Investments classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Alternative Investments classified in Level 2 of the fair value hierarchy are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss and liquidity assumptions. Alternative Investments classified in Level 3 of the fair value hierarchy are measured using unobservable inputs that are available in situations where there is little, if any, market activity for the related assets.

NOTE O - EXPENDITURES BY NATURAL CLASSIFICATION

The table below lists expenditures by natural classification by function for the fiscal year ending June 30, 2018:

		Salary &			Sc	holarships			Supplies &			
Function		Wages		Benefits	& I	ellowships	Utilities	Ot	her Services	Depreciation		Total

Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2018

- Note 1: As defined in the Uniform Guidance, Student Financial Assistance programs and Research and Development programs are considered to be clusters of programs and, accordingly, have been classified as one program for testing purposes. The Student Financial Assistance Cluster and the Research and Development Cluster have been defined as major programs. Also, the entire Student Financial Assistance Cluster was excluded when determining the dollar threshold for major program determination.
- Note 2: Under the William D. Ford Federal Direct Loan Program, students and parents borrow funds directly from the federal government; the University is responsible for verifying student eligibility, electronically transmitting the loan records to the federal processor, and distributing the loan funds directly to the student account or parent borrower. For the year ended June 30, 2018, Direct Student Loans totaled \$45,448,459 (\$15,367,988 subsidized, \$22,863,203 unsubsidized, \$7,133,243 PLUS, and \$84,025 direct graduate).
- Note 3: The Pell grant expenditures are the actual amounts incurred through June 30, 2018. The University will process amendments subsequent to year end to finalize the 2017-2018 award year. Amounts reported do not include an administrative cost allowance of \$15,060.
- Note 4: The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Saginaw Valley State University under programs of the federal government for the year ended June 30, 2018. Expenditures reported on the Schedule of Expenditures of Federal Awards are reported on the same basis of accounting as the financial statements, although the basis for determining when federal awards are expended is presented in accordance with the requirements of the Uniform Guidance. In addition, expenditures reported on the Schedule of Expenditures of Federal Awards are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable, or are limited as to reimbursement. Therefore, some amounts presented in this Schedule of Expenditures of Federal Awards may differ from amounts presented in, or used, in the preparation of the financial statements.

Because the Schedule of Expenditures of Federal Awards presents only a selected portion of the operations of Saginaw Valley State University, it is not intended to, and does not, present the financial position, changes in net position, or cash flows, if applicable, of Saginaw Valley State University. Pass-through entity identifying numbers are presented where available.

Note 5: The University has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Control Saginaw Valley State University

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Saginaw Valley State University (University) and its discretely presented component unit, Saginaw Valley State University Foundation (Foundation), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Saginaw Valley State University's financial statements, and have issued our report thereon dated August 24, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Saginaw Valley State University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Saginaw Valley State University's internal control. Accordingly, we do not express an opinion on the effectiveness of Saginaw Valley State University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the University's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of our testing, and not to provide an opinion on the effectiveness of the University's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

Board of Control Saginaw Valley State University

Report on Compliance for Each Major Federal Program

We have audited Saginaw Valley State University's (University) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2018. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
