SVSU GO-BABY-GO

ABOUT US!

WHO ARE WE?

“SVSU Go-Baby-Go” is a non-profit organization aimed at improving the lives of children between 3 and 6 years of age who are experiencing significant functional mobility delays.

MISSION

To improve children’s mobility, we modify commercially available battery operated riding toys to suit the unique mobility needs of each child.

WHO ARE SERVED?

Availability of the riding toys are limited. An application process is used to identify recipients of the SVSU Go-Baby-Go riding toys.

RIDING TOY

The riding toy used by SVSU Go-Baby-Go is a Kid Trax Dizzy Racers Toddler Electric Ride On Toy, 6 Volt, 36-60 Months, Max Weight 60 Pounds, 360 Spin Feature.

HOW TO APPLY?

If you would like your child to be considered as a potential recipient, please complete the following [Application Form](#) by May 10th

SVSU GO-BABY-GO

IMPORTANT DATES

May 10th

Apply by May 10th to be considered as a potential recipient.

May 15th — 18th

Meet for measurements and customization, time slot based on participant preference.

May 24th

Required workshop and panel to learn how to customize toy cars. Children will be given the toy cars on this day.
